This class is taught by the Kid's Karate Club which has been featured on WGN and in many newspapers including the Daily Herald. The program is specifically designed for children ages 3 to 14 and is taught in a unique way where children are encouraged to have fun. And it's more than just kick, punch and yell. It targets many building blocks for children today: respect, self-esteem, self confidence, leadership, but most of all, family involvement. This progressive martial arts program teaches the basics in karate, self defense, sparring, kata and children's safety with belt progression through Black Belt.

Have Fun & Be Prepared!

A child's best defense is being prepared, so you will be glad to know that safety and dealing with strangers is also incorporated into the program. Kid's Karate Club Director, a former Illinois Police Officer has many years of law enforcement experience and has made child's safety a priority. Students are taught awareness, avoiding dangerous situations and how to defend themselves.

Parent Helper Program
